To operate: A Circuit 24 Power Unit, equipped with hand accelerators to control the speed of the cars, is needed. This can be obtained from any dealer in our products.

Price £1/19/11

These sets can give you years of pleasure as you play, and by adding additional track you can build bigger and better layouts. As your race tracks grow, so your pleasure will increase. **CIRCUIT 24** brings into your homes the 'magic' of the World's greatest Grand Prix circuits.

The up-to-date thrill of Go-Kart racing can be yours by the purchase of the attractive 1963 Series Go-Kart Set. Enough track is contained in the set to make a complete racing circuit and more can be added to increase its scope—and give more fun!
